Lap Lane Etiquette

To ensure your swimming is an enjoyable one please adhere to the following lap lane etiquette:

- Select a lane based on your ability and stroke(s) you intend to swim during your visit.
- Swimmers are asked to always enter the water feet first at the end of the pool and keep clear of another swimmer already occupying the lane. Meaning, if there is a swimmer approaching the wall to wait until they have turned and started their next lap prior to entering the water.
- Lap Swimming is to be conducted in a circular swim pattern keeping to the left side of the lane. Swim as close as you can to the lane rope to avoid colliding into oncoming swimmers. Turn on the centre of the wall at each end and move to the left as soon as possible.
- In order to pass a swimmer in front, swim past on the right, above the lane line on the bottom of the pool when possible.
- Ensure full laps of the pool are being swum at all times and avoid stopping in the middle of the lane at any time.
- If you must move across any lanes, check both directions before moving. When waiting at the end of the pool, move across towards the corners of the lane to allow other swimmers to continue swimming laps.

Walk & Recreation lanes will be provided whenever possible.
